

Distinguished Mr. Dell and all teachers of Westerburg Vocational School,

We have arrived in Qingdao safely, we've brought back your hospitality, sincerity and our wonderful memories in Germany, but still, our hearts seem to linger in the beautiful green forests of Westerburg and don't want to leave.

We arrived very early in the morning in Germany, Mr. Dell, Christine and Christian came to the airport to meet us without having breakfast, and when we left, Mr. Dell and Sonja saw us off at the airport without caring about their tiredness of those days, all of this makes us deeply moved.

Because of the limit of time, we had a very short trip., but we saw that our German friends from our sister school tried everything they could to let us have a better understanding of German vocational education and your school, also the politics , economy and cultural status of Westerburg. The schedule of our trip was planed very reasonable, and the connections among various activities were wonderful, we do know that Mr.Dell and the teachers put a lot of thoughts and time in planning it, we appreciate it very much.

We are very glad that during the trip we could have opportunities to introduce our city and our school to the German educators, we are also very happy to see that many German teachers were so interested in Chinese

vocational education and asked some questions during our presentation, all these interactions and exchanges make this trip more successful and meaningful.

We appreciate the party at Mr.Dell's home, the relaxing and comfortable atmosphere made us closer to each other.We have been talking about your daughter, cute Sophie, any parents would be proud to have a baby like her,we really hope to see her again.

Once again, we would like to say thank you to Mr. Dell and all teachers, this is a successful , fruitful and wonderful trip in Germany.We especially would like to thank Mr. Dell, Sonja, Christine, Markus, Christian, and our translator Ms. Bai, thank you for your company, also our thanks goes to the teacher who picked us up at the hotel every morning; the teacher who introduced the collections of the books at the monastery; Dirk and Michael who gave us the brilliant talent show. Please give our thanks to Mr.Dell's wife and wonderful neighbours who prepared the nice dinner for us. We do appreciate each friend we met in Germany!

Of course, we should thank God for the fantastic weather, maybe God was also moved by our two parties' sincerity and would like to give us this precious gift. :)

Back to Qingdao, we are still thrilled. We can't wait to see our German friends again in Qingdao,we hope you can come very soon, then we can reciprocate your hospitality that we received in Germany.

Our best wishes!

Chu WeiDong

Head master, Qingdao Foreign Affairs Service Vocational School.
